

- Suitable for level adjustment and for uneven and porous surfaces such as cardboard, etc.
- In the two-coloured suction cup the bellows and the sealing lip are of different hardnesses, which makes the suction cup strong and stable and, at the same time, soft and flexible.
- DURAFLEX® suction cups manufactured in a specially developed material that features the elasticity of rubber and wear resistance of polyurethane.
- The material DURAFLEX® is mark-free

Type BX-P

With 2.1/2 Bellows

Code	D10	Model	Material	Fitting
0109006		BX25P	Polyurethane 30/60	Pad Only
0108240		BX25P	Polyurethane 60	Pad Only
