

Model Specification Sheet

Part No. APP230S

1/2" Flexi Impact Wrench

New to the PCL range of Prestige Air Tools is the APP230S Flexi Wrench. The 120-degree flexible head and 360-degree rotatable trigger make this the ultimate tool for accessing hard to reach areas whilst maintaining maximum user comfort. With its durable composite casing and jumbo hammer mechanism, the APP230S is built to last.

Features and Benefits

- 120-degree flexible head – tilts up to 60 degrees forward and backward
- 360-degree rotatable trigger – for operational comfort
- Lightweight, compact design – reaches hard to access areas
- Durable composite casing – built to withstand heavy-duty automotive work
- Durable jumbo hammer mechanism – for longer life
- 268mm length – for extra reach
