INDUSTRIAL GRADE HYGIENIC CLEANER

Multi-Surface Decontamination Spray is a versatile, industrial grade, extremely high alcohol content spray for decontaminating all hard surfaces. It has been formulated specifically for use on high-traffic areas such as hand rails, door handles, and all hard surfaces.

Multi-Surface Decontamination Spray offers a ready to use solution that does not require mixing or decanting, especially useful off-site or when away from washroom facilities. The optimised spray pattern guarantees consistent results, evaporating quickly to leave a clean & residue-free surface.

PRODUCT FEATURES

HIGH ALCOHOL MULTI-SURFACE CLEANER

- >90% alcohol – maximum effectiveness
- Cleans & decontaminates surfaces
- Excellent materials compatibility
- Optimised spray pattern for effective coverage
- Can be used to clean PPE

33339 / 400ml

FOR USE IN:

PROFESSIONAL

- Use as a pre- and post-work area hygiene cleaner
- Keep vehicle interiors clean: steering wheel, buttons, door handles, seats & switches
- Decontaminates mask strap & safety hat fitting harness (apply to cloth & wipe)

INDUSTRIAL ENGINEERING

- Forklift truck & warehouse manual handling equipment decontamination
- Production line controls (not touch screens)
- Keeps tools & work stations clean

OFFICE

- Use on door handles, light switches, and other high-touch point surfaces
- Decontaminate parcels and deliveries
- Workplace shared spaces: canteens (non-food surfaces), corridors, doors, & rest-rooms
